DESCRIPTIONS

Hatha Yoga

This practice incorporates mindful movement, spiritual and yogic philosophies, self empowerment and breath work to help strengthen your practice and improve your relationship with yourself and the world.

Vinyasa Yoga

An alignment based practice, this class focuses on the synchronization of breath and movement, flowing through postures to the rhythm of the breath with an emphasis on postures.

Yoga Flex+

In Yoga Flex+ , we explore dynamic and static poses with a 4-6ft wood dowel (stick) that will improve your flexibility, mobility and strength.

Soundbath Yoga

This full body experience brings the mind and body into a deep state of rest and contemplation. Through the progression of selected meditative sounds and instruments, you will be guided into a place of restoration that encourages a profound connection within.

REVIEWS

"Monterey Bay Moves is absolutely the best in providing yoga services! We hired them for a company retreat we did in Monterey and were blown away of the amazing experience they gave us. So, refreshing and relaxing for our staff. We will hire them again for any other retreat/ event. Thank you Monterey Bay Moves!"

Julia Garcia, Stanford Healthcare

"Our Resort has had a partnership in place with Elizabeth Plante and her expert instructors since 2020 providing weekend services to our guests at the Resort. We have had rave reviews and enhanced our guest experience."

Sanctuary Beach Resort, Marina, CA

Monterey Bay Moves came highly recommended by another vendor of mine and boy, were they right! They were very professional, quick to respond and affordable. They provided beach yoga and stretching for our group of about 125 guests for multiple days and everyone was so excited to go that our group almost doubled the next day. I highly recommend Monterey Bay Moves!
